Synanon Opens House in Seattle

Synanon is in the People Business first. It's product is clean man days.

Synanon, the famed California based community, has announced the opening of a house in Seattle. Located at 5025 17th Avenue NE, the facility is a place for kids and adults who need Synanon's help to call for an interview, and provides an opportunity for interested members of the community to visit and participate.

Synanon Foundation was started in 1958 by ex-alcoholic Chuck Dederich. After a time with Alcoholics Anonymous, he found himself in 1957 as the center of a small group of devotees, mostly alcoholics, who jammed into his small apartment in Ocean Park. They came to listen and participate in his extraordinary, insightful conversations, some of them finding places nearby just to be near him.

Eventually, a member of his clan brought around a drug addict who played the rudimentary Synanon Game with Dederich, and, astonishingly, stopped using drugs for awhile. Sensing something powerful in the family-like setting he had established, he began to draw people closer, eventually locating a store front for everyone to stay together. Synanon's struggles and its triumph in keeping addicts drug-free attracted a nationwide audience. Professionals flocked to see the place and the way of life which could erase, or at least arrest, what people had believed to be an incurable disease. The family-oriented, high principled, self-help community began to be called "the miracle on the beach."

Known internationally as a model for addict-oriented programs, it has become recognized, as well, as a model for communities in general, with no drug abuse, no violence or crime, cigarette free, integrated. Now with over 1,300 members, it has become many things simultaneously: a community, a lifestyle, a place for men, women and kids, for whole families, for the addicts, alcoholics and other troubled people who seek its help, for the "lifestylers" who contribute cash and technical expertise for the privilege of living there.

People who would like further information should call 525-2198 or 525-1267. Saturday evening open house parties are hosted every week from 8:00 p.m. until midnight.

LET'S GET OUT THE VOTE!

The prediction that millions of qualified voters will not go to the polls November 2nd gives me, as an editor who cares about his community, deep concern. The reasons given are completely senseless.

Despite the corruption in government, November 2nd is no time to stay from the polls because "the best way in the world for the evil forces to take over is for enough of the good voters to do nothing."

To say that there is nothing to vote for is absurd because when there is nothing to vote for there is always something to vote against. The only way to vote against something is to vote for the lesser of the evil.

Apathy is not the basic reason for these people not going to the polls, rather a lack of ability to equate their bread and butter with the ballot.

At one time I would have said that we are effected by politics from the cradle to the grave but now since abortion is widely condoned, I say we are effected by politics from conception to the resurrection because there possibly is somebody who might not get here.

We must make the disenchanted citizens realize that every hour of the day some politicians are thinking or planning something new that will effect to some degree the lives of the American people.

It must be remembered that these politicians are elected and that politicians do not act, rather react to the stimuli applied by their constituents.

Of all periods in the history of the American government this is not the time to stay away from the polls November 2nd.

Every well thinking citizen, every civic, social, professional, religious, political and labor organization should address itself toward getting out the vote come November 2nd. RIGHT ON!

Spotlite on Beauty

THE FACTS takes pleasure in 'spotlighting' beautiful women. Pictured below is a model from the TOPAZ Modeling Agency.

JESSIE is innocent but dangerous. She stands 5'8" and can hardly wait to see her face on the cover of Redbook Magazine. She is an executive secretary and only available for modeling. (Sorry, she is happily married).

Minority Discrimination

Is it possible for businesses to promote....have sales....and do general business, and have the Black community respond in large numbers even though the paid advertisement appeared in all newspapers except the Black newspaper? The newspaper that serves the Black community with general news is THE FACTS. But only a few businesses use the services of the LARGEST AND OLDEST BLACK PUBLICATION IN THE NORTHWEST!

When you see advertisers in the general newspaper inviting you and YOUR MONEY to participate, but the same advertisement does not appear in the Black paper, what will it take for the Black community to realize that they are being ripped off? ONLY COMMON SENSE.

WAKE UP FACTS READERS, and spend your money with those who spend money with you. We don't have to tell you how to read between the lines of the above statement in order to realize what we are talking about. You know where we are coming from all too well, and that's the BLACK FACTS!

Housing Authority Announces Rental Assistance Program

Tacoma Housing Authority is pleased to announce a new Section 8 Housing Rental Assistance Program for Low Income Senior Citizens, Disabled, Handicapped and other Families, within the City Limits of Tacoma. According to Peter DeMark, Executive Director of the Authority, there are a total of 150 units under the new program which will eventually phase out the present Section 23 Lease Program. The allocation of the 150 units is comprised of efficiency, one, two, three and four bedroom units.

The program allows an eligible applicant to find a home or remain in his present home, provided the owner wishes to participate. The tenants rent to the landlord will not exceed 25% of income, with the balance being paid to the owner by the Housing Authority.

The fair market rents which include utilities are established by the Department of Housing and Urban Development. Maximum rents for units without an elevator are: $130 for an Efficiency; $148 for a one bedroom; $176 for a two bedroom; $202 for a three bedroom and $222 for a four bedroom. For units with an elevator the fair market rents are: $143 for an Efficiency and $163 for a one bedroom.

Owners of property in the City Limits of Tacoma with units available for rent are encouraged to contact the Tacoma Housing Authority for more complete information on the program.

Applications are taken at the Housing Authority Office at 2303 Sixth Avenue, weekdays between 9:00 a.m. and 3:00 p.m.

In addition to the new Section 8 Program in the City of Tacoma, Tacoma Housing Authority administers the same program with 100 units within the City Limits of Puyallup and 200 units in the unincorporated areas of Pierce County.

Chetty Lecturing on South African Situation

On Friday, October 8, the Tacoma Urban League and the Socialist Workers Party will jointly sponsor a public forum on the explosive situation in South Africa and the crisis of the white minority government there. The meeting will be held at the Malcolm X Center, 1602 South K Street and will begin at 8:00 p.m. A donation of $1.00 will be asked at the door.

Speaking at the forum will be Dr. Kes Chetty from the South African Action Coalition. Dr. Chetty is a former resident of South Africa and was educated there. Dr. Chetty will also show a film, "Last Grave at Dimbadza".

Dr. Chetty's group, the South African Action Coalition, is based in Canada. The group was formed to protest the policies of the white minority government toward South African Balcks and to educate people about the nature of the apartheid system that sexists in South Africa.

Among its activities, Dr. Chetty's group has worked to bring a resolution before the United Nations concerning the plight of South African Blacks.

Dr. Chetty will also be speaking on the South African situation at 1:00 p.m., Friday, October 8, at Pacific Lutheran University. The program, sponsored by PLU's Student Coalition Against Racism, will feature a slide show and lecture in addition to the film.

The funds raised by the South African Action Coalition aid in the education of black and colored children, and help support families of political prisoners along with other victims of apartheid. The presentation will be held at Chris Knutzen Hall at Pacific Lutheran University.

Students Excell in Merit Exams

Ten senior class students in Clover Park School District No. 400 have earned recognition in the Merit Program of the National Merit Scholarship Corporation for 1977.

Letters of Commendation have been presented to: Clinton P. Johnson, son of Mr. and Mrs. Clinton C. Johnson; Judith A. Kempe, daughter of Mr. and Mrs. Harry E. Kempe; and Lynn Weston, daughter of LTC and Mrs. Leon B. Weston, of Clover Park High School.

Kristine E. Backes, daughter of Mr. and Mrs. Ralph Backes; Danny Bailey, son of Jess Bailey; Lori L. Thomas, daughter of LTC and Mrs. S. Thomas, all of Lakes High School.

Commended students represent less than two percent of the nation's secondary school senior class.

Four additional students and Miss Weston, because of their test performances, have been named Semifinalists and will continue in the Merit Scholarship competition.

The four additional are: Thornton R. Guerrero, son of Mr. and Mrs. G. Guerrero; Mary A. Hooks, daughter of Mr. and Mrs. Thomas Hooks; Rodney P. Williams, son of Mr. and Mrs. R.P. Williams Sr.; and Christine C. Yokan, daughter of Dr. and Mrs. M.R. Yokan, all seniors at Lakes High School.

Miss Weston is a Semifinalist in the National Scholarship Fund for Negro Students division.

The five Semifinalists will continue in the competition for finalist status, a Certificate of Merit and scholarship award consideration.

Since the preliminary qualifying tests, two of the students have moved from the district. Miss Weston has moved with her family to California and is eligible to continue competition in her new high school. Miss Kempe has moved with her family to Mexico where she is completing her senior year.

CHURCH NEWS

The ministry in poetry with Minister Eugene Satterwhite scheduled for Oc tober 2, 1976, at 8:00 p.m., has been cancelled. The services were to be held at the Emmanuel Temple Church of God In Christ, 1121 South "G" Street, Tacoma.

Incorrigible Juveniles Removed from State Institutions

Nearly 150 "dependent/incorrigible" juveniles have been removed from state institutions since last July, to comply with a new state law.

Senate Bill 3116, approved by the 1976 State Legislature, called for youth found incorrigible (rather than delinquent) to be given treatment entirely separate from treatment provided for youth committed by the courts as delinquent.

Incorrigibility is a status offense defined as "out of the parents' control" but not necessarily involved in criminal activity.

The law does not prevent courts from committing incorrigible youth to state institutions in the future, but does establish a 30-day limit with separate treatment for such commitments.

Douglas Vinzant, director, Bureau of Juvenile Rehabilitation, Department of Social and Health Services, said 56 remain in state institutions of the approximately 200 identified for removal when the law took effect July 1.

"The Bureau is not just dumping these kids out with no services," he said. "The law set July 1, 1977, as the target date for compliance, and we are taking as much time as necessary to locate a suitable living arrangement and develop an appropriate resource package for each child released."

Most were scheduled for release anyway, he noted. The new law has not significantly speeded up tentative release dates.

"We are basically shifting responsibility for these young people from the Bureau of Juvenile Rehabilitation to the Bureau of Social Child Welfare Services staff, rather than with just our Juvenile Parole Services, in arranging placement for these kids," he explained. "The child found incorrigible is assigned a caseworker instead of a juvenile parole counselor."

About half of the remaining 56 incorrigibles are young people with serious problems. Some are considered dangerous to themselves or others. Vinzant said these would continue to participate in programs in the institutions in preparation for suitable placements to be arranged before next July.

DSHS will continue to provide services in the community in the future for juveniles found incorrigible, to include: counseling for parents and children; foster home or group home placement; health screening and diagnosis; medical, dental and mental health services; referrals to community programs for drug or alcohol problems, placement in appropriate education or job training programs.

Stop Smoking Clinic

Another "Stop Smoking Clinic" will be sponsored by the American Cancer Society at the Tacoma General Hospital School of Nursing building, beginning next Thursday, October 7th. There will be eight consecutive sessions of two hours each on Tuesday and Thursday evenings. They begin at 7 p.m. There is no charge for the clinic, but a small "good faith" deposit is required. It will be returned upon completion of the program.

Pre-registration is necessary. Those interested in breaking their smoking habit should call the American Cancer Society in Tacoma before the first meeting.

Clinic sessions are conducted by volunteer ex-smokers who have been trained in special techniques. The programs have proven highly successful both locally and elsewhere in the state.

Discrimination Suit Filed Against Boeing

A civil suit against the Boeing Company for alleged employment discrimination has been filed by Mr. Anthony Hinds of Tacoma's United Trade Workers Association (UTWA). In his suit filed in Federal District Court, Mr. Hinds contends that the Boeing Company's refusal to hire him for an overseas position, for which he was qualified, was caused by race discrimination. He thus alleges violation of his rights to equal employment opportunity as guaranteed and protected under Title VII of the 1964 Civil Rights Act.

Following the allegedly discriminatory act, Mr. Hinds sought assistance from the Citizens Affirmative Action Council and the UTWA. These two non-profit, community service organizations assisted him in initiating his litigation.

Filed on September 17, 1976, Mr. Hind's suit seeks both a declatory judgement that the Boeing Company did in fact discriminate against him as well as monetary damages for lost wages.

NOT ADDRESSES.

Some people believe home rehabilitation loans and home loans are approved or not approved on the basis of where the house is located.

At First Bank, nothing could be further from the truth.

Because we're making a concerted effort to underwrite and support urban and suburban housing redevelopment in every way we can.

To us, it doesn't make any difference where you live. Or where you want to live.

What does make a difference is whether or not you have the ability to pay the loan back.

Period.

That's just good business. And it's the way we run ours.

JASON AND THE JUICE

Football Superstar O.J. Simpson scores big with his son, Jason -- both as a dad and a football star -- as they play together with Shindana Toys' new O.J. Simpson male action figure. The 9-½" doll is an All-American favorite for Christmas, 1976, featuring a fully-jointed vinyl body, complete with helmet, shoulder pads, jersey, pants, two-toned football shoes, striped socks and football. Also available is the deluxe O.J. Simpson Pro Set (shown above) containing all the equipment that youngsters need to help O.J. keep in shape. Suggested retail prices: $5.50 for the basic doll, $9.95 for the doll and deluxe outfit.

Seattle Mariners Sign First Player

David Charles Johnson.

He's the first ever Seattle Mariner.

Johnson earned that distinction today when it was announced by Lou Gorman, Director of Baseball Operations, that the Mariners had purchased his contract from the Baltimore Orioles for an undisclosed amount of cash.

Johnson, 27, is a right-handed pitcher who spent part of two seasons, 1974 and 1975, with the Orioles. In 17 major league games, Johnson has a 2-3 record, two saves, and a 3.38 earned run average.

The first Mariner spent the 1976 season with Rochester in the International League, where he compiled an 11-5 record, was credited with seven saves, and posted a 2.81 earned run average.

Johnson has been used as a relief pitcher since 1972. In that time he has a 38-22 record, chalked up 39 saves and posted a 3.38 earned run average.

Gorman noted, "It's exciting to start building our roster, particularly with a player of Johnson's potential. He has been hampered by injuries in the past and those misfortunes have limited his progress. We feel Johnson has the ability to be a big asset to our pitching staff.

Young Blackmen's Association Formed at Monroe

The Young Blackmen's Association, a self-help organization, has evolved and operates as a special sub-division of the Black Prisoners' Caucus within the Washington State Reformatory at Monroe, Washington. This new organization was created by the young black men of the reformatory under the age of twenty-one, to serve as a medium for direct involvement in the environment of their incraceration and rehabilitation. It exists as a tool for the young brothers at the reformatory to strive for better and more effective academic and vocational rehabilitative programs, and a s a forum to express themselves as concerned, mature and responsible young men.

Our primary goals are to try to discourage other young brothers from falling into the same behavior patterns and lifestyles that invariably led us to prison, and if they have already become members of the prison community, to make their incraceration a learning and growing process that will enable them to acquire the education, skills, and social responsibilities and maturity to break away from the increasingly typical cycle of crime and incarceration throughout their entire lives, that has become a trademark of black youth in America today.

Essential to our program and goals is the massive need for community concern, support, and involvement, without which we cannot hope to achieve any effective degree of success or execution of our goals. We are in desperate need of sincere, concerned individuals and/or organizations willing to volunteer their time, services and funds, or to just really care. At this time there are major needs in the following areas: basic academic instruction and tutoring, vocational guidance and training, one-to-one sponsorship, group and individual counseling, job placement and social and religious counseling.

Those in the community concerned and willing to assist the Young Blackmen's Association, or that can contribute anything that may strengthen us as young men, then please write or call us between the hours of 8:00 a.m. to 11:30 a.m. and 12:30 p.m. to 4:00 p.m. The number in Monroe is 794-8077, ext. 306; or write The Black Prisoners' Caucus c/o The Young Blackmen's Association, Washington State Reformatory, P.O. Box 777, Monroe, Washington 98272.

Mann's Bits and Pieces

by Dave Mann

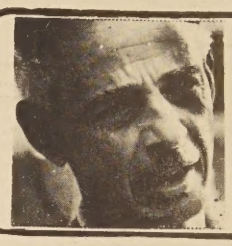
BASKETBALL.....Spencer Haywood of the New York Knicks says that one of his favorite people is former Knick star Willis Reed. "I'll never forget the encouragement Reed gave me when I was a young kid and still dreaming about someday playing the pros. He told me I had the tools to be a great star. I've never forgotten those words and the encouragement he's given me over the years since then."

Richard Washington, who will be a rookie with the Kansas City Kings this season, is already spending time thinking of how he will do when he has to defense Julius Erving of the New York Nets. "I've been working hard all summer on calling timeouts," Washington says.

BASEBALL.....No one is saying so but this could be Richie Allen's last season with the Philadelphia Phillies. Allen, who is under a one year contract with the Phillies, can become a free agent at the end of this campaign if he so desires. Hank Aaron, the greatest home run hitter of all time, said goodby to baseball last Sunday as he singled in his final time at bat in the sixth inning. 6,858 Milwaukee fans applauded Hammering Hank each time he came to bat. Asked what was on his mind the last time up, Hank replied, "I wasn't thinking anything in particular; I was thinking about what I thought the first time I came up. I just wanted to get a hit." Aaron leaves the game after hitting 755 home runs, 3,771 hits and 2,297 runs batted in.

FOOTBALL.....Despite what you might hear about all the love members of the Buffalo Bills have O.J. Simpson, there are teammates of the "Juice" who are openly bitter about the amount of money he is drawing. Willie Lanier, who has been moved to a back up position by the Kansas City Chiefs, is not going to be content to stay in that role. If Lanier doesn't get back his job this year he will either demand to be traded or will give up the sport entirely next season.



Ringside Northwest

HI BOXING FANS -- Next week there will be a good boxing show in the Coliseum that you all should attend. I've given you the main-event, ARRINGTON vs ROMAN. Here now is the rest of the card, at this writing -- PAT DUNCAN vs GEORGE JEROME. This is a heavyweight bout of some importance. It features the current Canadian Champion vs the man that I have the pleasure of training, and also a welterweight bout between two men that put on the best fight of the night at the last show. This will be a rematch between LARRY SMITH and BABS MCARTHY. If you recall, SMITH got up off the canvas and won a split decision in that one. All in all it really promises to be one good card and I urge you to attend.

This morning I heard on the radio that ALI has said he plans to retire, and at the same time Angelo Dundee his trainer said when he hears it from ALI then he will believe it. In my opinion I hope that ALI does retire, but don't count on it. There is one more big money fight left for him. That is with FOREMAN. One thing for sure - the heavyweight boxers do not want him to retire. You can bet if and when ALI quits the big million dollar purses are over. That is until another one like him appears, and that my friends will be a long time coming. Maybe not even in my lifetime, unless my man BEN does it. Yes, "BIG" BEN is back in the gym learning the things he will need to win, and believe me, win he will.

There is a big fight looming on the horizon here in the future. It looks like the promoters are putting DUNCAN and ARRINGTON on the same cards for a reason, and last week in Spokane it looked more so than ever before. You know that DUNCAN fought and beat TERRY DANIELS - a tough ten round decision. At the same time JOE WILLIAMS, the matchmaker for GLOBAL PRODUCTIONS, was in attendance to watch that fight and I'm sure that he will offer us ARRINGTON. That is if both men win next week and I do not see anything to cause it not to happen. I think ARRINGTON will beat ROMAN and DUNCAN will beat JEROME, so right there you have the making of a good fight, and by beating DANIALS last week DUNCAN has assured himself of that bout coming to pass. As far as DUNCAN and I are concerned it is just fine, bring IBAR on.

Last week ALI defended his title against KEN NORTON and in all of the hudges' opinions. He won it on all cards. But some of the fans thought that NORTON should have won. Let me try to explain some of the unwritten rules of boxing. When you have a title fight the challenger must win big. If there is any doubt of the outcome it always goes in the Champion's favor. There cannot be two champions and if the fight is close enough for a draw, then the hand of the current champion is raised. This is only fair, to be champion is great and to have someone beat him because of dislike or favoritism for the challenger is wrong. The challenger must take the fight to the champ and in most cases beat him good. Norton did not do this, therefore he was not declared the champion. And for his manager to say he was asking for a reversal is funny and in my opinion way out of line. If you lose you lose, and if you win your fighters hand will be raised. There was not enough room for our trip this week so look for it next week. I'll tell you about the most hair raising flight out of ATHENS, GREECE. More next week - CI BON.
